

Reengineering CTAE for the 21st Century

“Linking classroom learning to real-world earning opportunities available in the state will help the state grow its own highly skilled workforce, attract future economic development, and ensure that every student is prepared to build a rewarding future right here in Georgia.”

KATHY COX
GEORGIA SUPERINTENDENT OF SCHOOLS

A partnership of

Muscookee County School District & **COLUMBUS TECHNICAL COLLEGE**

Career Expo 2009

Friday May 1, 2009

Times: Career Tours—9:00 a.m. – 12:00 p.m.

Location: Columbus Technical College
928 Manchester Expressway
Columbus, Georgia 31904

What's Career Expo 2009 all about?

Students get to ...

- Operate equipment simulators
- Explore a variety of career pathways
- Meet with industry professionals about careers in construction, metals, HVAC, drafting, engineering, automotive, health care, and public works
- Talk with representatives from colleges, universities and apprenticeship programs

Parents get to ...

- Recognize that Career, Technical & Agricultural Education is a viable career option for their child
- Learn about their child's field of study, including possibilities beyond high school

Counselors and administrators get to ...

- Take an in-depth, hands-on look at these important opportunities

Instructors get to ...

- Connect with industry from all over the region
- Promote experiential learning
