*Building Academic Keenness Ensuring Rigor,  
relevance, relationships and results!*

May 15, 2012

**You are invited to be a part of history in the making!**

Please come and witness your federal dollars at work on Tuesday, May 22, 2012 at 10:00 a.m., the Race to the Top (RT3) Forensic Science class of Baker Middle School will participate in a Mock Crime Scene Investigation. The BMS students are the first students in the Phenix City/Columbus area to have this tremendous opportunity.

Baker Middle School students, Enrichment Lion's Block Forensic Science class have learned crime scene basics, to include fingerprinting, DNA, blood typing, Locard's Principle, and eyewitness testimony, to name a few. Because of the students' excellence and hard work in this increased learning course, the Russell County Sheriff Department has invited these students to participate in "A Quest for Success." This is a hands-on, educational field trip to the Russell County Sheriff Department in Phenix City, Alabama.

The Sheriff Department has created a simulated crime scene and will allow the BMS students to experience the investigative process, just like a real CSI agent! There will be a real live Command trailer and Command center for the students' use. A State-certified diving team will be on stand-by for the students' use. Of course, the media and several officials will attend this auspicious occasion. We would be honored if you could join us. The Sheriff's Department is also providing a complimentary lunch at 12 noon.

Please RSVP by Friday, May 18, 2012 if you plan to attend.

We look forward to seeing you on Tuesday, May 22<sup>nd</sup>.

Sincerely,

*Tamura D. Magwood*
