MEDIA RELEASE

Superintendent Announces Plans for New Security Task Force

(COLUMBUS, GA)-In an effort to ensure the safety and security of all students and employees, the Superintendent plans to create a Security Task Force (STF). The task force will include public safety officials, principals, teachers, parents, high school students and Muscogee County School District Security/Safety related support staff.

“In light of the recent Sandy Hook tragedy and other unfortunate and similar tragedies, we plan to work diligently with the task force and community to continue to provide a safe haven in all of our schools,” said Dr. John Phillips, Jr., Superintendent of Education.

Following the task force review and recommendation process, a report will be presented to the Superintendent of Education for further review and next steps. Effective immediately the Coordinator of Security will report directly to the Office of the Superintendent of Education to insure a first line of communication in all security matters that directly impact the safety of our students and employees.

For more information, contact the Department of Communications, communications@muscogee.k12.ga.us or (706) 748-2034.
