MEDIA RELEASE

Message to Parents/MCSD Employees Security Monitoring at Schools and Administrative Offices

I want to assure you while we have no known reports of problems or threats today, the safety of our students and employees are a priority every day. With the occurrence of the Sandy Hook Elementary School tragedy, we want you to know security monitoring has been heightened at our schools and offices. The sheriff's office, marshal's office, and Columbus police are working closely with school security and our regular scheduled school resource officers to patrol and monitor our schools.

In addition to our safety plans for each school, our principals and building administrators have been asked to check access control points and monitoring systems for any problems. We will continue to adhere to our security procedures and policies and review them on a regular basis. If you have any issues or concerns, please do not hesitate to contact your child's principal. Please be sure to keep those who are enduring this tragedy in your thoughts and prayers.

–Dr. John A. Phillips, Jr.
Interim Superintendent
