MEDIA RELEASE

Security Task Force Plan Includes Active Shooter Safety Training

(Columbus, GA)-Filming for the Muscogee County School District (MCSD) Security Task Force safety training video is underway. The goal is to train students in grades 6-12 and employees of the district how to respond safely during an active shooting in a school and save lives. While there have been no reported school shooting incidents in the MCSD, there have been numerous school shootings across the country. Staff and administrators want to continue to be proactive in efforts to prevent and deter safety threats.

The training video will feature teacher and student actors and participants in theatre classes in the school district and the Columbus State University Department of Communications. Filming began Saturday, September 7 and is expected to be completed on Saturday, September 21, on location at Shaw High School, 7579 Raider Way. A video release is expected in October.
