MEDIA RELEASE

Shaw High Students Master MOS Exam

(Columbus, GA)-Shaw High School business and computer science students score exceptional test results on the Microsoft Office Specialist (MOS) exam for the Administrative Information Support Pathway. Lakesha Kirkland's class is the only class in the district to earn a 100% pass rate on the end of pathway exam on the first attempt. All the students passed the assessment, exceeded the pass rate by more than 200 points, and took additional MOS tests to earn certifications.

Students must successfully pass Introduction to Business Technology, Computer Applications II, and Business Communication and Presentation to take the end-of-pathway assessment. In the Microsoft Office Specialist (MOS) 2010 series exams, students can receive an international certification by successfully passing one of the exams in the series. Although some students were not pathway completers in Kirkland's class, they did take one of the MOS tests. All 28 students enrolled in the course earned at least one certification. Students in Kirkland's class earned a total of 42 certifications.
